

### **Gravesend Shrimpers 4.1%**

Brown, good malt with sharp astringent hops. Brewed using four different malts and four different English hop varieties, with a well balanced finish. Malty without being too sweet. Caramel undertone, good body

### **Beach Blonde 3.7%**

Highly quaffable at 3.7%, it has a brilliant straw blonde appearance. Its tantalising tropical aroma of mangoes, grapefruit and lychees come from a unique blend of New Zealand, Australian and West Coast American hops. The upfront bitterness gently yields to a light malt body provided by barley that is sourced solely from farms around the brewery.

Malt: Low Colour Pale Malt  
Hops: Cascade, Mount Hood, Styrian, Beata, Calypso and Pacific Jade
